ABOUT US

Manufacturers of World Class Steel Storage Systems

Mercury Manufacturing Company Ltd. was established in the year 1992 in Chennai, India and is a fully owned subsidiary of Godrej & Boyce Manufacturing Co. Ltd. which is headquartered in Mumbai, India.

Mercury is into the business of manufacturing and supplying customized steel storage systems catering to all major industry segments in select territories across the world. We have built our stellar reputation on the ability to produce customized steel storage systems at an unmatched turnaround rate.

Mercury's product construction concept and supply chain method have resulted in a reduced carbon footprint.

Mission

To offer zero defect customized storage products to end-users and committed support for growth and ease of doing business to channel partners

Vision

To be a preferred provider of workspace storage solutions

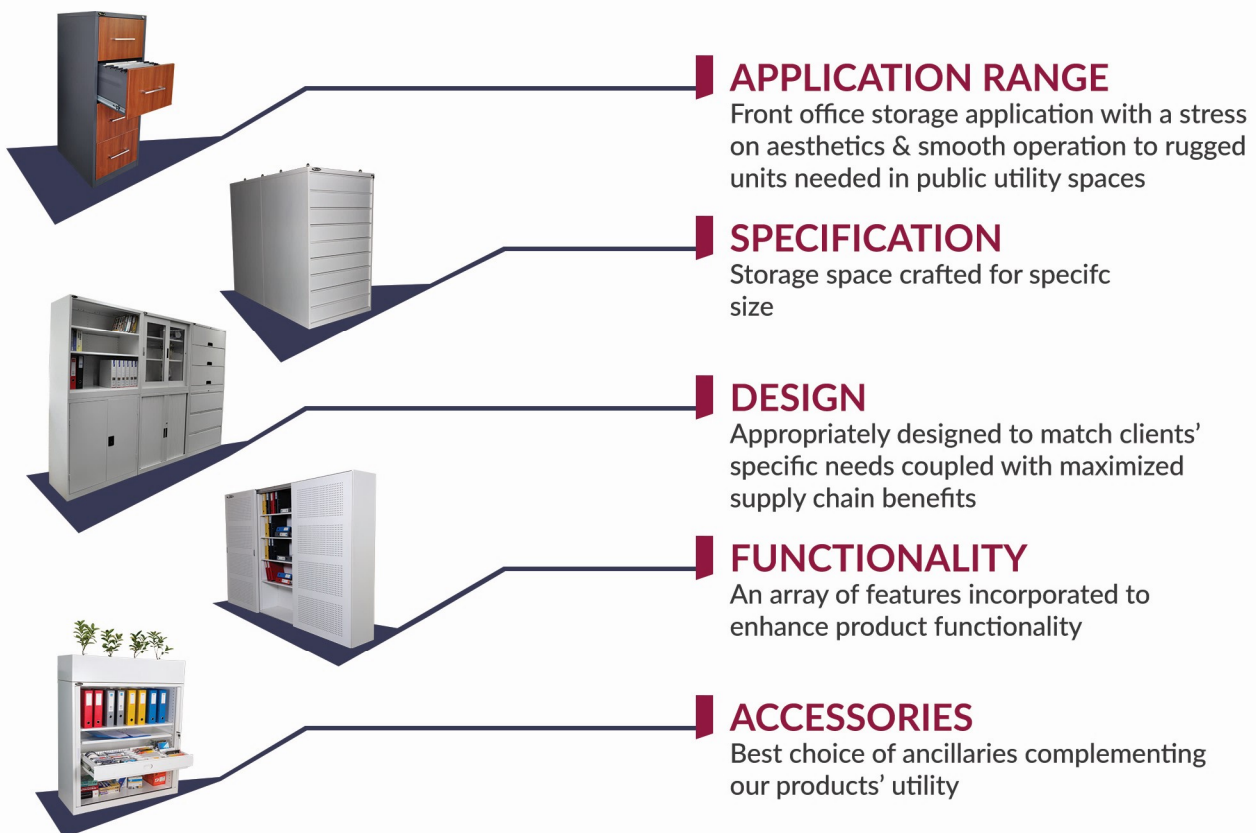

Brand Promise

Customized solutions and personalised services

VERSATILITY IN PRODUCTS & CUSTOMIZATION

As a business strategy, we are persistently gearing to develop innovative products that address storage needs both on utility and aesthetics. We enhance our channel partners' competitiveness through customized product offerings.

All mercury products adapt to the flat pack concept of construction (complete knock down) making them easy to pack, ship and assemble.
